Report on Athletic Program Participation Rates and Financial Support Data

2026 Equity in Athletics Disclosure Act Report

Reporting period: July 1, 2025 through June 30, 2026
Published: October 1, 2026

Purpose and Availability

The Equity in Athletics Disclosure Act (EADA) is intended to help prospective students and prospective student-athletes understand an institution's commitment to equitable athletic opportunities. Spartanburg Methodist College prepares this annual report for students, prospective students, prospective student-athletes, and the public. A paper or electronic copy is available upon request from the College. The College also submits its data to the U.S. Department of Education through the EADA web-based data collection.

This report presents participation, staffing, coaching compensation, athletically related student aid, recruiting expenses, operating expenses, and total revenues and expenses for the College's intercollegiate athletics program. Dollar amounts are reported to the nearest dollar. Team participation is measured as of each team's first scheduled contest.

1. Athletic Participation

A participant is a student who, as of the day of a varsity team's first scheduled contest, is listed on the varsity roster, receives athletically related student aid, or practices with the varsity team and receives coaching. A student meeting more than one criterion is counted once for that team. The unduplicated count counts each student only once across all teams.
