

WHAT TO DO IF YOU HAVE EXPERIENCED SEXUAL VIOLENCE?

GET SAFE

Call SMC Campus Safety (864-587-4003) or call 911.

GET MEDICAL ATTENTION

It is important to seek medical attention as soon as possible to determine the possibility of physical injury, to prevent or treat sexually transmitted diseases, and to detect the presence of sedative drugs such as Rohypnol or GHB.

- Do not shower, bathe, douche, wash your hands, brush your teeth, urinate, eat, drink, change your clothes, or wash your bedding if you have been raped.
- Do not disturb anything at the scene of the assault or throw away any evidence.
- Write down everything you can remember about the event.
- Preserve electronic evidence. Text messages, emails, voicemails, phone logs, and social media posts may provide critical evidence and should not be deleted.
